Nature of Noncompliance (Con't.)

The 21st Century Department of Justice Appropriations Act mandates action by the Court if a supervised releasee tests positive for illegal controlled substances more than three times over the course of one year. Although the Act requires mandatory revocation after a fourth positive drug test, provisions of the Act also allow the Court to consider treatment options in lieu of revocation.

Standard Condition
#15

"The defendant shall participate in a program of testing and treatment for drug abuse, as directed by the probation officer, until such time you are released from the program by the probation officer."

Due to his drug use, Mr. Young was instructed to involve himself in a drug and alcohol treatment program. Although Mr. Young claims to have recently been evaluated by the Dauphin County Commission on Drugs and Alcohol, the probation officer has not received any verification of his attendance nor his participation in any drug treatment program.

Special Condition

"The defendant shall pay any balance of the fine imposed in this judgment which remains unpaid at the commencement of the term of supervised release in minimum monthly installments of no less than \$50."

The defendant has not made any payments while on supervised release and has an outstanding financial obligation of \$250.00.
